ABOUT THE EVENT

Magnus Group looks forward to welcoming you to its distinguished event “18th Edition of Global Conference on Catalysis, Chemical Engineering and Technology” (CCET 2024) which is scheduled as a Hybrid Event from March 18-20, 2024 at Singapore.

The congress is themed at “Capturing and Exploring Panoramic Perspectives on Catalysis, Chemical Engineering and Technology.”

We bring together all fields of chemistry, a varied audience of chemists, engineers, researchers and scientists at the conference. Parallel sessions comprising oral presentations, poster sessions, workshops, symposiums, panel discussions by junior and senior academics will be held in addition to keynote speeches.

This important colloquium has aimed to gather scientists from all corners of the world to share their interests in catalysis, chemical engineering and chemistry in general since its first edition. The programme of CCET 2024 will be tailored to attract chemists with ample chances for exchange and debate for PhD students, postdocs, and young researchers.

CCET 2024 will be a global scientific gathering bringing together scientists and clinicians from academia, industry, and government to debate the most recent advancements in the area in an informal virtual setting. This symposium will provide a stimulating and dynamic environment for scientists at all stages of their careers in this rapidly expanding subject to engage and inspire one another. We actively encourage students, the next generation of scientists and researchers, to participate.

We welcome you to join us at CCET 2024 virtually so that we may work together to improve the generation of catalysis, chemicals, chemical engineering while also improving the quality of life on the planet.
